Warren Porter Tells of the Bright Prospects.

Bright prospects for the success of the Republican State ticket in the North are reported by Warren Porter, Republican nominee for Lieutenant Governor, who arrived in Los Angeles early yesterday morning from his home at Watsonville.

Mr. Porter registered at the Hollenbeck Hotel, and spent the day with personal friends and with Republican party leaders. Last evening he went to Long Beach with candidates for county office and was one of the speak-

hard also declared that in his opinion no negro should think of contributing as much as one cent to the support of the anti-negro newspapers in Georgia. He urged the negroes to organize, to band together for their defense and to fight for their rights.

"The time is ripe for serving justice on the country," he said, "that further efforts in any section of the land to degrade the negro to a servile position shall be fought from now on. We leave the murdering in cold blood to the race that proudly calls itself the superior, the better civilized."

DEMOCRATS NOMINATE. PRESENT MIXED TICKET.

(BY THE ASSOCIATED PRESS—P.M.) NEW YORK, Oct. 10.—The Democracy of New York county tonight nominated a ticket for the November election, which was generally expected to be a compromise between the adherents of the old line Democracy and of candidates favored by the Independence League. The ticket, however, has not proved entirely satisfactory to the followers of Hearst and a statement issued by the league late tonight hints that the Tammany ticket may not be endorsed in full.

It was understood that the league wished to be represented on the ticket by five candidates acceptable to the party in the event the league would expect to support the nominations made. Only two of tonight's candidates can, however, be said to be representatives of the league. They are Judge Seabury and John Ford, named for the Supreme Court.

Recorder Goff, however, is believed not to be objectionable to the league.

The following statement was issued by the Executive Committee of the Independence League late tonight:

"It has been the desire of the Executive Committee of the league to secure nomination of a non-partisan judicial ticket. The ticket named by the Democratic convention tonight contains the names of some satisfactory men and the names of some not satisfactory."

"The Independence League will watch the action of the Republican convention with interest."

LONG BEACH RALLY. MANY REPUBLICANS OUT.

(SPECIAL CORRESPONDENCE OF THE TIMES) LONG BEACH, Oct. 10.—Two thousand persons gave a rousing welcome to Republican candidates tonight in the auditorium. The names of President Roosevelt and that of James N. Gillett, nominee for Governor, were cheered to the echo at every mention.

It was an enthusiastic gathering, showing clearly the intense ardor of the voters in the cause of the State ticket, which was represented by Warren Porter of Watsonville, candidate for Lieutenant Governor.

City Attorney John E. Daly presided at the meeting and Edward A. Simonds of Pasadena made the principal address. There also were speeches by Mr. Porter, by Capt. J. D. Fredericks, candidate for reelection as District Attorney; by Mark Keppel, Superintendent of Schools; Judge James and Mayor.

Surveyor Noble and Assemblyman N. W. Thompson. The Italian Band furnished music.

MORAN IS ANGERED. CONSOLIDATED MAY WITHDRAWAL.

(BY DIRECT WIRE TO THE TIMES) BOSTON, Oct. 10.—(Exclusive Dispatch.) The positive statement was made today that Mayor William J. Brewster of Boston has withdrawn his name from the gubernatorial nominations and take himself entirely out of the Governorship contest. He is angered at Williams "butting in" with the Bryan resolution and refusing to indicate how Democratic harmony as a delusion.

SEDALIA (Mo.) Oct. 10.—William J. Bryan arrived here this afternoon. He was met at the station by 2000 persons and escorted to the new Sedalia Theater, where he spoke to a crowd that taxed the capacity of the house.

MAKES OBJECTION TO HEARST. NEW YORK, Oct. 10.—William J. Hearst issued a signed statement in reply to one issued by Republican state Chairman Woodruff, concerning the endorsement of Hearst's nomination. Woodruff said, "We are unqualifiedly opposed to having any union with the Hearst organization, whether by endorsement or by any other means that might be derived from it."

RESIGNATION DEMANDED. Philadelphia Directors of Public Works to Step Down from Office—No Reason Given.

(BY DIRECT WIRE TO THE TIMES) PHILADELPHIA, Oct. 10.—(Exclusive Dispatch.) Mayor Weaver this afternoon demanded the resignation of all members of the Board of Public Works. The salary of the office is \$10,000 a year.

"The Mayor declined to give a reason for his action, and Director Hicks of the city party notified of the action of the city party notification of Dr. Clarence Gibbons, that he has been chosen by that party to be the candidate for District Attorney has cast a damper upon the spirits of the so-called reformers."

THREE WINTERS IN ARCTIC. Woman Returns Home, Broken in Health, from the Frozen North.

(BY DIRECT WIRE TO THE TIMES) BROCKTON (Mass.) Oct. 10.—(Exclusive Dispatch.) Mrs. John A. Cook, the wife of a captain of the steam ship, the *Albatross*, has just arrived here from three winters spent on the ship in the frozen Arctic. She was the only woman in the party, which included four ships, and her health was broken by the awful glare of the Arctic ice and the depressing influence of the intense cold. She had been inside of the Arctic Circle ever since March, 1920.

FOLLOWS FLEEING WIFE. ST. PETERSBURG, Oct. 10.—Gen. Oushakov of the Russian army in pursuit of his wife, who is fleeing from her husband in the company of Gabriel Esposito, has arrived here on board the steamer *La Providence*. He refused to grant any interviews.

SEARCH FOR A SON. DENVER (Colo.) Oct. 10.—(Exclusive Dispatch.) Charles E. McPhee, before the San Francisco disaster, was prominent among dentists there. He has been missing since. His brother, believing him drowned in Denver, has appealed to the authorities here.

NEGOTIATES MAIL SERVICE. LONDON, Oct. 10.—Cabling from Tokio, a correspondent of the Daily Telegraph says that Japan is negotiating with Russia for an overland mail service, which will bring Tokio within seventeen days of St. Petersburg.

NO INSURANCE BROKERAGE.

Board of Fire Underwriters Eliminates the Paying of Fees for Business.

The Board of Fire Underwriters adopted a resolution yesterday to hereafter eliminate all brokerage commissions. For years it has been the rule to allow commissions to real estate men and others who secured business for the fire insurance companies.

There were eighty-two agents at the meeting. M. P. Whitaker was elected president.

Addresses made by the agents showed that the fire insurance business in this city is greater than ever before, the demand for insurance being so great that the agents are finding it difficult to cope with the greatly-increased insurance activity.

OBITUARY. A. C. Shaw.

TACOMA, Oct. 10.—A. C. Shaw, a well-known lumberman of the north-west, died at Green River Hot Springs today, aged 42.

Richard T. Gentry. SEDALIA (Mo.) Oct. 10.—Richard T. Gentry, son of the late Maj. Wm. J. Gentry, who was liberal Republican candidate for Governor in 1872, died yesterday in San Francisco, aged 55 years. Richard T. Gentry was prominent in Democratic politics here ten years ago.

Max Hempel. ST. LOUIS, Oct. 10.—Cancer of the stomach caused the death yesterday of Max Hempel, aged 43 years, nationally known as a German educator and writer on scientific matters.

Charles W. Sturtevant. BERKELEY, Oct. 10.—Charles W. Sturtevant, at one time consul to Havana, died here yesterday. He was a native of Boston.

Louis Pehlman. PORTERVILLE, Oct. 10.—Louis Pehlman, one of the prominent citizens here, died last night. He was a member of several Masonic orders.

FLASHES FROM WIRES. James Manshan, attorney for Minnesota shippers, accused the State Railroad and Warehouse Commission at St. Paul yesterday of not using all its efforts to bring James J. Hill as a witness into the hearing.

After the hearing factory and the tin shop of Nelson Morris & Co., packing plant at Chicago, had been closed an hour yesterday by the city Building Inspector, who refused to allow the plant secured building permits for improvements ordered by the Building Commissioner, and guards who had been stationed on the plant to carry out the commissioners' orders, were withdrawn.

The twenty-fifth annual convention of the Western Missionary Society of the Methodist Episcopal Church opened in Lincoln, Neb., yesterday, with more than 200 delegates present from every State in the Union. The opening address was delivered by Mrs. Clinton B. Flake of New York.

At yesterday's session of the National Rural Letter Carriers' Association convention at Peris, Ill., an address on "Rural Carriers and Road Improvement" was given by J. Adams Davenport. He urged the betterment of the country driveways and that carriers use their influence to this end.

Various points throughout Ohio reported record snowfall yesterday. At Zanesville the snow fell for three hours and the snow came before any trace of winter was visible. An inch of snow fell at Findlay.

On the steamship *Minneapolis*, which has arrived at New York from London, came a new device for cooling ships. The device is to be tested on the United States collier *Aberdeen*, now coaling at Brooklyn Navy Yard. The apparatus is a sort of portable refrigerator, which is to be tested on the ship, which is to be tested on the ship, which is to be tested on the ship.

Gen. Koutseff, uncle of Mme. Outchakoff, who eloped with Lieut. Esposito, is hurrying from Moscow to Havre to meet Gen. Outchakoff, who is endeavoring to dissuade him on behalf of the madame's family from carrying out his intended vengeance on the Russian government. Gen. Koutseff will suggest an appeal to a divorce court. Gen. Outchakoff is expected to reach Havre Wednesday afternoon.

Among passengers on the steamer *Morro Castle* which arrived at New York from Havana Monday night were Juan O'Farrell, who was Secretary of State and Justice in the Palmer government, and Jacob Sleeper, former Secretary of the American Legation at Havana.

"AMERICA'S MOST IMPORTANT PAPER." (From the *Peterborough (Can.) Times*, headline and all.)

The United States, always noted for the enterprise, circulation and influence exercised by its wonderful system of news gathering and dissemination by the newspapers of that country, does not issue a brighter, more readable and reliable paper than the *Los Angeles Times*.

This paper, although published without sound of the Pacific Ocean's surf, by its complete and comprehensive system of news gathering, contains as correct and detailed reports of every matter of interest, happening all over the United States and the whole world, as any newspaper of New York, Chicago, or London great dailies.

The *Los Angeles Times* has, more than any paper on the continent, always waged fierce and uncompromising war against monopoly and trusts of every nature, whether the monopoly of millions, as exercised by the beef and other trusts, but against the domination and dictation of organized labor. For those desirous of obtaining the brightest news, correctly and fearlessly told, we would strongly recommend the *Los Angeles Times*, a paper that the trusts in vain have tried to down, but which today has the largest circulation and greatest number of advertisements of any daily or weekly in the United States and probably in the whole world.

CHINESE SMUGGLED IN.

(Continued from First Page.)

of Somerville. According to their story, their "Al" Ames of Boston, constituted the crew of the smugglers, while Herbert Boyle came in the vessel. The two last-named are now at large, as are twenty-two Chinamen who had been landed before the police discovered that the Frolic was in the harbor.

Jenkins and Duncan talked freely after they had been locked up. According to their statements they were hired by Capt. Colby to man the Frolic. They sailed from Boston August 29, and headed for Halifax. Upon arriving at that port, Capt. Colby told his men that the sailing party had not put in an appearance, and he set sail for Placentia, N. F.

At that place, forty-two Chinamen were waiting for the arrival of the Frolic, and little time was lost in stowing them on board.

With his cargo of human freight below decks, Capt. Colby hoisted all available canvas and started on his voyage down the coast. The first difficulty encountered was at Saint Pierre, Miquelon, where the Frolic put in.

The vessel had been there but a short time when the French customs official put out in a dory, and demanded that he be shown the ship's papers. A manifest was produced by Colby, but the Frenchman did not seem satisfied, and as he stood in his dory asking questions, Capt. Colby, according to his crew, gave the word to set every stitch of sail. At the same moment, he leaned over the side and cut the painter of the little dory. The schooner sailed away under a good breeze, leaving the customs official helpless, so far as giving chase was concerned.

The weather down the coast was rough, and the Chinamen, packed in a space far too small, were in a pitiable condition.

Jenkins, Duncan and John C. Lehmann of Boston, who were arrested later, were brought before the United States authorities here, and sent to jail in default of \$2500 bail each.

Lehmann said that the smuggling of Chinese into New England States has been carried on for years with great profit. He stated that an expedition like that of the Frolic netted about \$15,000.

Asked how the smugglers were able to evade the officials, he answered: "That's easy. Most places in New England are 'fixed,' and we don't have any trouble."

Lehmann explained that the Chinese were brought from their native country to Canada, and from there in small groups to Newfoundland, where they were held to await a vessel from the United States.

"Not long ago," continued Lehmann, "a ship went into Boston harbor and landed twenty-one Chinese."

According to Lehmann, the expeditions are backed by a man named Goodman Phillips of Boston, who is now in England.

EIGHTEEN CHINESE HELD. THE SAN FRANCISCO PRESS—S. J. V. PROVIDENCE, Oct. 10.—The eighteen Chinese were held tonight by United States Commissioner Cross in \$10,000 bail each for examination next Wednesday.

All the men declared they had been in the United States before, but that their certificates of residence had been lost, some in New York City and others in the fire in San Francisco. This declaration contradicted a statement alleged to have been made by John C. Lehmann of Boston, one of the men arrested for complicity in the smuggling operations.

The Chinese brought by the Frolic from Newfoundland came to that country direct from China. Twenty-four other Chinese were passengers on the Frolic, and are believed to be in hiding in the Chinese quarter in this city, but immigration inspectors up to tonight have been unable to locate them.

WORKS FOR HEAVENLY KING. Gen. W. J. Palmer's Daughter Foregoes Social Triumphs in Order to Aid London's Poor.

(BY DIRECT WIRE TO THE TIMES) COLORADO SPRINGS (Colo.) Oct. 10.—(Exclusive Dispatch.) Miss Marguerite Palmer, daughter of Gen. W. J. Palmer, millionaire builder of the Rio Grande road, has just returned from London, where she has spent much time in visiting schools, studying conditions among London's poor and the methods of ameliorating them.

She has decided to forego the triumphs of a social career which would include admission to King Edward's court, because of her father's standpoint, in order that she may devote herself to humanitarian work in the world's greatest city.

Glen Eyrle, the country home of her father, near this city, is one of the most palatial residences in Colorado.

"RESURRECTION" AFTER "GRIEF." BRUSSELS, Oct. 10.—June E. Beveridge (Mrs. Brannon), the American sculptor, has completed the east of the statue of "Grief," ordered by the city of San Francisco to commemorate the victims of the earthquake. She will shortly begin work on a second statue, representing the resurrection of the city of San Francisco.

BLACK KAFFIRS ARE SAVAGES.

AND MISSIONARIES DO THEM VERY LITTLE GOOD.

They Have No Relic of a Belief in an Unseen Power, But They Do Fear a Witch Doctor or Anything That Has a Mysterious Nature. Have No Faculty for Loving.

A correspondent of the London Mail says that one continually meets with good stay-at-home folk, who believe they know more about South African natives than do the Dutch and Colonial residents out there. No one really knows what a native is unless he has lived for some time among them. And if a man thinks he knows, his ignorance is the more invincible, and arguments and proof are lost on him.

Now, they Dutch do understand the Kaffir, and they can rule him wisely and well, and can get loyalty and even work out of him in the beginning they tried liberty, equality, and fraternity on him, and it failed. They tried kindness and indulgence, and it was worse. Finally, they adopted a rule of discipline and justice. In early days the Dutch pioneers, with the Bible in their hands, attempted to civilize the native by treating him as a man and a brother, and went so far as to intermarry with the native women, and in extreme cases even to make their daughters marry Kaffirs. The innovation was unnatural and revolting, but the Dutch pioneers gave it a trial, and found it to be the only way to succeed. They found that the native, if treated as a man and a brother, would not work, and that if treated as a slave, he would not love. But it taught a lesson. No Dutchman believes the native to be a man and a brother. And so he starts fair in the struggle for the upper hand with the native.

The Kaffirs will marry as many wives as they can afford to buy, but there is no love or even crude affection in the business. The wives work as slaves for the masters who have bought them, and it adds to the vainglory of a chief or a vassal to have as possessions numbers of wives and concubines. The only affection they seem to feel is for little children, whom they pet and play with as toys. They are very good to little children, whether their own or others', and will adopt and care for orphan girls—himself, however, they tend to sell later on for so many cows.

The only affection they seem to feel is for little children, whom they pet and play with as toys. They are very good to little children, whether their own or others', and will adopt and care for orphan girls—himself, however, they tend to sell later on for so many cows.

Charcoal Kills Bad Breath.

Bad Odor of Indigestion, Smoking, Drinking or Eating Can Be Instantly Stopped.

Simple Package Mailed Free. Other people notice your bad breath where you would not notice it at all. It is nauseating to other people to stand before them and while you are talking, give them a whiff or two of your bad breath. It usually comes from food fermenting on your stomach. Sometimes you have it in the morning—that awful sour, bilious bad breath. You can stop that at once by swallowing one or two Stuart's Charcoal Lozenges, the most powerful gas and odor absorbers ever prepared.

Sometimes your meals will reveal themselves in your breath to those who talk with you. "You've had onions," or "You've been eating cabbage," and all of a sudden you belch in the face of your friend. Charcoal is a wonderful absorber of odors, as every one knows. That is why Stuart's Charcoal Lozenges are so quick to stop all gas and odors of odorous foods, or gas from indigestion.

Don't use breath perfumes. They never conceal the odor, and never absorb the gas that causes the odor. Besides, the very fact of using them reveals the reason for their use. Stuart's Charcoal Lozenges is the place stop for good all sour breath and belching of gas, and make your breath pure, fresh and sweet, just after you've eaten. Then no one will turn his face away from you when you breathe or talk; your breath will be pure and fresh, and besides your food will taste so much better to you at your next meal. Just try it.

Charcoal does other wonderful things, too. It carries away from your stomach and intestines all the impurities there massed together and which causes the bad breath. Charcoal is a purifier as well as an absorber.

Charcoal is now by far the best, most easy and mild laxative known. A whole bowlful will do no harm; in fact, the more you take the better. Stuart's Charcoal Lozenges are made of pure willow charcoal and mixed with just a faint flavor of honey to make them palatable for you, but not too sweet. You just chew them like candy. They are absolutely harmless.

Get a new, pure, sweet breath, fresher than your own, for your next meal, and keep the intestines in good working order. These two things are the secret of good health and long life. You can get all the charcoal necessary to do these wonderful but simple things by getting Stuart's Charcoal Lozenges. We want you to try these little wonder workers yourself before you buy them. So send us your full name and address for a free sample of Stuart's Charcoal Lozenges. Then after you have tried the sample, and been convinced, go to your druggist and get a 25c box of them. You'll feel better all over, more comfortable, and "cleaner" inside.

Send us your name and address today, and we will at once send you by mail a sample package, free. Address: F. A. Stuart Co., 50 Stuart Building, Marshall, Mich.

Intrenching Tools for Marines.

WASHINGTON, Oct. 11.—The Navy Department has authorized Brig-Gen. Elliott, commanding the Marine Corps, to supply marines with 2000 combination trenching tools of a new type which Gen. Elliott has just devised.

The tool has a handle about two feet long, to which is hinged a shield-shaped blade. This blade folds against the handle in such a manner that it can readily be carried under a belt, and it can be so adjusted that it stands at right angles to the handle, and is available for use as a hoe or pick. The blade also can be adjusted so as to be used for a spade.

GRANTS FIVE PARDONS.

INCLUDES ANGILO CONVIC.
(BY THE ASSOCIATED PRESS—A.M.)

SACRAMENTO, Oct. 18.—Gov. Pardee today granted five pardons to convicted men, all of whom are now serving time in San Quentin as follows:

R. F. Edwards, sentenced from Los Angeles county in 1932 to eight years' imprisonment for the theft of two bicycles, was pardoned because he was given excessive punishment.

George E. Mathews, sent up from

Fresno county in 1903 on a charge of rape. The sentence imposed thirty years. The offense was simply statutory, and upon petition of the judge who passed sentence and all the prominent city, county and State officials in Fresno he has secured a pardon.

Thomas Evans, who was convicted of murder in Nevada county, and sentenced from that place to life imprisonment,

commitment in 1934, has received a commutation of sentence. The board of prison directors asked Gov. Farlee to commute the sentence of the ex-convict, the equivalent of fifteen years. This had been recommended and he will gain his release next summer.

Wyron of San Mateo was convicted on charges of burglary and grand larceny in 1931, and sentenced to fifteen years in San Quentin. His sentence was granted, because of executive punishment.

Edward Hilder, convicted in Lassen county in 1926 of rape, and sentenced to thirty years, will be paroled for two years, and on good behavior will be pardoned.

ROB CONTRACTOR.

HE RESISTS DESPERATELY.

(BY THE ASSOCIATED PRESS.)

SAN FRANCISCO, Oct. 16.—

Porter, a contractor, was beaten and robbed at midnight last night by three masked men concealed in the entrance to a lodging-house at Fourth and Howe streets, where Porter resided. Porter stated that the three made desperate fight but was clubbed until senseless and knew no more until he recovered consciousness in the gutter. In a search for money, which he has been in the habit of wearing next to his body the men stripped Porter of his coat, vest and shirt but failed to find a watch on the belt. They secured six in bills, a gold watch and a diamond stick pin.

Sherrif 'Gourries With Black Boy.
NEW ORLEANS, Oct. 3.—To escape training, a twelve-year-old negro boy known as "Gourries" was brought here tonight from Amite, La., and placed in the parish prison. The boy was accused of attempting an assault on a four-year-old white girl, and it was necessary for the Sheriff at Amite to take him secretly aboard a train today to escape the lynchers.

Bogus Insurance Steals Gains.
NEW YORK, Oct. 3.—Diamonds and jewelry worth \$10,000 were stolen yesterday by a thief representing himself

the costly homes of the Bronx. This statement was given out last night by the detective bureau, which declined to disclose the names of the victim nor any definite description of his address.

Arrest Three Gamen.

SAN FRANCISCO, Oct. 18.—W. H. Ferment and J. J. Donegan, motorcycle men, and the United States railroad men, and Conductor F. J. Hawley, three of the men accused of beating Charles Brennan, a newspaper man, into insensibility, were taken into custody again today, and will be held pending the outcome of Brennan's injuries. Conductor Hawley will be arrested later today.

Accounts Are Short.

COLUMBIA (O.) Oct. 18.—A report for the week ending Oct. 12, 1906, shows the weekly accounts of the

today states that Fred E. Smith, the defaulting treasurer of Summit county, is the treasurer of the school funds, is short in the fund \$13,624. The clerk's books make it appear that he could have made that sum and no evidence has been given the examiner that Smith had any part of it.

THE CITY IN BRIEF

NEWS AND BUSINESS.

Stole Revolver.

A burglar, who takes a special delight in stealing firearms, visited the crib district yesterday afternoon, and from crib No. 14, in Halsey alley, stole a nickel-plated revolver. The fellow did not take anything else, being apparently satisfied with the weapon.

Horse Into Car.

A large brown horse, driven by J. R. Smith, dashed into a west-bound street car at the corner of Third and Los Angeles streets yesterday afternoon. The animal's head was caught and it was frightfully hurt. The driver refused to leave the horse killed until a veterinarian arrived, and the horse was allowed to suffer agony for an hour before it was shot.

Beggar's Heavy Sentence.

George Vaughn, a professional beggar, who has made a practice of soliciting alms on any and every occasion, was sentenced to the county jail by Justice Chambers yesterday afternoon. It was shown that Vaughn is able to earn a living as an example to others who are inclined to earn their bread as beggars. Vaughn was given fifty days on the chain gang.

Fall from Car.

A. Hahler fell from the step of a Washington-street car near the corner of Washington and Vermont avenues last evening. He was out above the car and on the lip. He was taken to the Receiving Hospital, where his wounds were dressed. The man was seriously unconscious when picked up and died for some time afterward. He was not able to give his residence number further than to tell that it was on Washington street.

Stopped Runaway Team.

Patrolman Humphreys was the hero of an exciting runaway accident yesterday afternoon, and probably saved the lives of several persons by his brave action. Dashing around the corner of First and Alameda streets a team running wild road south along the street, dashed into a light rig driven by R. Knappman, and demolished it, injuring the driver, and continued on their mad career down the street. Humphreys saw the danger, scrambled over the wagon and out onto the pole, where he caught the team and stopped the team.

BREVITIES.

Mr. Ernest Douglas will give the first of a series of organ recitals at St. Paul's Pro-Cathedral this evening, at 8 o'clock. An invitation to attend is extended to all who would hear great organ music. The Douglas recital at St. James Church, last Saturday was largely attended. Mr. Douglas has a beautiful organ touch and his technique is superb. It is a revelation of the possibilities of the organ to hear him play. His numbers were given with a spirit, enthusiasm and finish that was delightful. (Cambridge (Mass.) Chronicle.)

Why pay 10 to 15 for eyeglasses and contact lenses when we sell the best at crystal reading lens in a ten-year gold-rimmed frame for \$1.50, fitted to your eyes without extra charge by a graduate State-registered optician? Satisfaction guaranteed. Clark's, 311 S. Spring, opposite new Heilman Bldg.

J. W. Frey has moved his stock of pianos, gramophones and records to his warehouse at corner of Los Angeles and Twelfth streets, where can be seen the largest assortment of black and brass brocade trimmings found in the United States at low prices.

WEDDED IN HASTE.

Second Wife of Pullman Car Company's Late Vice-President Testifies in Will Case.

BY DIRECT WIRE TO THE TIMES: CHICAGO, Oct. 10.—(Exclusive Dispatch.) A Chicago man, who was a railroad train, love at first sight and a proposal of marriage at their second meeting, is the outline of matrimonial affairs between Thomas H. Wickes, late vice-president of the Pullman Car Company, and his second wife. She is identified today in a suit brought by three children of Wickes to have him set aside. She declared Wickes secured a divorce for her, and then divorced his first wife to marry her. She is now Mrs. Schwartztrauber.

CLAIM WILL IS FORGERY.

Last Testament and Codicil of Millionaire Coal Operator Attacked at Beranton.

BY THE ASSOCIATED PRESS—A.M. (BY THE ASSOCIATED PRESS—A.M.) SCRANTON (Pa.) Oct. 10.—The genuineness of the will and codicil which George B. Schooley of Philadelphia claims to be the last testament of his cousin, James L. Crawford, the millionaire coal operator of Beranton, and by which he was to come into all the great wealth of Crawford, the latter's widow and nephew, James F. Schooley, being practically discredited, was yesterday attacked before Judge Sando in the Orphans' Court here today. All the evidence taken was for the purpose of showing the documents to be forgeries.

MARRIED BY BROTHERS.

Three of Them Assist in Uniting Sister—Unusual Ceremony Performed.

BY THE ASSOCIATED PRESS—A.M. NEW YORK, Oct. 10.—An unusual feature of the marriage of Miss Elsie Deterhorst Myers of Kingston to B. N. Feltz of Poughkeepsie, which occurred yesterday at the bride's home in Kingston, was that the ceremony was performed by three brothers of the bride, each of whom took an equal part in it.

HE SHOWED SOLICITUDE.

Duke, While Riding in an Auto, Hits a Laborer—Victim Is Killed.

BY THE ASSOCIATED PRESS—P.M. NANCY (France) Oct. 10.—The Duke of Montpensier, grandson of Louis Philippe and brother of the Duke of Orleans, while riding in an automobile near here today, struck a railway worker named Ribot. The Duke manifested the greatest solicitude, lifted the dying man into the automobile and drove him in the direction of the hospital here, but the man expired before he reached the city.

MANUFACTURERS MEETING.

NEW YORK, Oct. 10.—The National Association of Manufacturers has arranged to hold its regular annual business convention in this city during the week beginning October 27. The members will come from all parts of the United States.

HOMEOPATHIC MEETING.

Officers Elected and Interesting Papers Read—Banquet at Casa Verdugo.

The sixteenth annual meeting of the Southern California Homeopathic Medical Society was opened yesterday morning, in the parlors of the Westminster Hotel. The first day's business was given over to the election of officials for the ensuing year and the reading of several interesting papers upon matters peculiarly pertaining to homeopathy.

The officials for the coming year are, president, Dr. J. S. Hunt, of Santa Monica; vice-president, Dr. F. B. Kellogg, Los Angeles; second vice-president, Dr. Helen Woodruff, Los Angeles; secretary-treasurer, Dr. F. S. Barnard, Los Angeles. The members of the board of censors and the board of directors for the last year were re-elected to office. The legislative and reception committees will be appointed today.

HER MAD SCENE.

Ellen Beach Yaw Will Give Farewell Recital in Mason Opera-house This Evening.

The farewell recital of Ellen Beach Yaw will be given this evening at the Mason Opera-house. Since coming home last spring Miss Yaw has endeavored herself to Los Angeles, and her several recitals have been pleasant and artistic, and she has made a host of friends.

She will sing her farewell to her friends in this city and will leave for the North, where she has a number of engagements along the Pacific Coast. After the completion of her Pacific Coast tour, Miss Yaw will be heard throughout the principal eastern cities and will appear in connection with several of the most noted choral organizations of the East.

A feature of tonight's farewell will be the closing number, in which the mad scene from Hamlet will be given in costume and with the support of the Los Angeles Symphony Orchestra.

BUTTED CHOLOS.

Big Touring Car, With Chauffeur Bergen at the Wheel, Runs Wild on Main Street.

Harry Bergen, chauffeur, driving a heavy touring car belonging to Thomas Sullivan, along North Main street, charged into a gang of quip workers on the street, and ran over and severely injured three. The machine skidded on the wet pavement, and Bergen says he lost control and could not avoid dashing into the men.

Medicine men thrived in all directions and it was thought several had been killed. The police ambulance did not arrive on the scene for nearly an hour and a large crowd gathered around the wounded cholos, who lay in the street.

The seriously injured are Leopold Damas, M. Madrigal and Sanome Boscas. They were treated at the Receiving Hospital.

Bergen was placed under arrest and was booked at the police station.

PYROTECHNICS FOR BEATTY.

Big Celebration Is Planned for Thriving Town.

Blaze of Red Light for First Train on New Road.

Merchants Are Asked to Shake Down Plums.

Charles E. Sexton, president, and C. E. Southworth, secretary, of the Commercial Club of Beatty, Nev., arrived yesterday in Los Angeles for the purpose of stirring up the most potent wholesale merchants and jobbers of Los Angeles to a lively interest in the new markets just opening in South Nevada.

we will be able to come and go to this city over one railroad where to any of the other cities it necessitates a change of roads.

The boomers from Salt Lake and San Francisco have been all through our mining centers stirring up sympathy for their own cities. They have been rivals and have certainly used every means at their command to secure the bulk of the trade for their own places. Up to the present they have almost the entire volume of business, but, with the opening of this new road, which will give immediate access to Los Angeles, the buyers who, I am free to say, would rather buy in Los Angeles, will turn to the merchants of this city for the needs. Los Angeles has not had one agent in the field to secure for them the plum that is waiting only for the shaking to fall into the lap of the Los Angeles merchant.

The Commercial Club of Beatty knows of these conditions and they also know that they can ship their goods to and receive them from Los Angeles cheaper than from other cities, so we are here to stir up interest in the big field opening up.

The Salt Lake road has promised to do everything possible to make it comfortable and easy for the merchant of this city to get in touch with the buyer in Southern Nevada. The special train that will leave this city on October 22 is but the first move in this direction.

WILLIE'S CONSCRIPTS.

A Readable Account of the First Appearance of Langdon, Iky Eicholz and Ed Rainey on the Stage in Los Angeles.

A LITTLE band of conscripts, torn from their happy homes and their families and ordered to be candidates of Hearst's Independent League, sat shivering and unhappy in a row on the stage of the Mason Opera-house last night. It was the "Langdon meeting."

Sometimes it seemed as though the young man assigned by Hearst to manage the outburst, might have been more gentle and kind with them.

Whereas he was harsh with the unhappy fellow detailed to be Governor, and although he unnecessarily scared the secretary of State, it must be admitted that he was an astute young man.

Through his half-page advertisement of the meeting in The Times yesterday morning, a large crowd was as-

CALM HORSE CHOELS UP CARS.

Tries to Walk Railway Bridge, Falls Between Ties and Traffic Stops.

A wayward horse held up Pasadena car traffic nearly an hour last night and it took a wrecking car and a crew of men to remedy the trouble, after the Police Department had been appealed to in vain and the Fire Department notified.

The Aliso street bridge was the scene of the hold-up. By the time the horse was hoisted by a block and tackle from the right of way a string of out-bound cars had accumulated, reaching half a mile up town.

The animal was by himself, minus either rig or harness. He had strayed leisurely across the street car portion of the bridge shortly before 10 o'clock and was getting on slowly, stepping from sleeper to sleeper, when an approaching car startled him.

When he looked over his shoulder he became nervous and lost his footing. His four legs vanished between the sleepers and the car came to a sudden stop within a few feet of his body.

Pretty soon another car came along. In a few minutes three cars were waiting. Then some one notified the patrolman on the beat that something awful was happening on the Aliso street bridge. The officer thought so when he heard the language in the cars—now five in number. He notified the central station. One of the conductors notified the dispatcher. By this time the string of cars reached up to Alameda street. Meantime the horse was taking things calmly.

By the time the wrecking car arrived the obstructed traffic extended to Los Angeles street. It took the united efforts of a half dozen men, a crane and a block and tackle to get the horse from his position and swing him out to hard ground.

JUDGE, JURY, AND DETECTIVE.

BUT EXTRA FIREMAN FINDS HE IS THE CULPRIT.

Arrests Youth Without Authority and When Arraigned Before Judge Chambers Yearfully Tells Him He'd Like to Get Out of Jail—Is Real Sympathetic.

Blubbering bitter tears, R. J. Cottle, discovered in the Police Court yesterday that, even as an extra fireman on probation, he is not entitled by that enormous responsibility to boss the town.

He had a different idea up to the time that the patrol wagon arrived. It was all for Iszy.

Iszy keeps a cigar stand on the corner of Main and First streets. If he has another name it did not appear yesterday.

Came a blast young man who desired to light a cigarette, and gracefully succeeded in upsetting the patent glass gun case. Yell of anguish from Iszy.

Iszy rushed out from the stand and demanded payment of the awkward young man who protested that he had no money, but would come around and pay for the shattered case next Saturday.

Just then Cottle, weighted by the heavy dignity of just being appointed a probationary fireman of the "steenth class" (providing he can pass the examinations) came around the corner and fixed the miscreant with the glare of authority.

"What did it cost?" he asked severely.

"Fifty cents," whimpered Iszy. Cottle trotted majestically out and placed the blast head of authority on the offending youth. "Pay Iszy 52," he said, fixing the offender \$1.50 on the spot.

The boy pleaded to be allowed to go to a friend down the street to get the money, and Cottle graciously consented.

On the way, some man butted in and asked Cottle what it was all about. Cottle decided to arrest him, too. A big crowd gathered and Cottle turned on them and glared, a swift scattering. Then the patrol wagon came, but to Cottle's rage and consternation, it was he whom the copper nabbed and shoved in the Black Maria.

When he tried to tell the judge about it yesterday, all his tremendous dignity wilted, and he wept aloud, and with wailing and bitterness.

"Judge," sobbed the probationary extra fireman from the height of his authority. "Judge, if you please, later, I—I got a old mudder to support. I don't want to stay in jail. I'd rather get out."

Justice Chambers released him until today, when sentence will be imposed for disturbing the peace.

WOULDN'T BACK UP.

L. T. Shettler, proprietor of the Reo Auto Company, No. 631 South Grand avenue, was arrested shortly after noon yesterday for blocking the street at Third and Main streets. H. M. Fuller, who was with him, was also placed under arrest.

Swinging into East Third street with his heavy touring car Shettler ran directly behind a West Adams street car which had stopped at the switch. The auto was jammed close to the car when the conductor turned the trolley. Shettler refused to budge as the motorman tried to send his car to the opposite track and a blockade occurred, both motorman and automobilist refused to move.

When traffic was stopped on Main and Third streets because of the jam the police intervened. Shettler and his companion were arrested.

It takes, roughly speaking, about twenty hours to go to Salt Lake and about forty hours to reach San Francisco. present and ran for independence and women's suffrage. Then came Genser Williams with the famed joke about women not understanding things. Somebody got the speech sheets mixed. Those were not meant for the same evening.

Another faux pas occurred when Jim Blagge got up to speak. Feeling that he was safe from his creditors as long as he stood there talking, the crowd couldn't get him to sit down. He said one editorial. Then, instead of sitting down he kept right on saying all the editorials he knew.

Gum Shoe Ike fainted in the wings from sheer despair. Finally, some one managed to drag Blagge down.

Finally, the sound of uproarious applause came to the ears of the Hearst paymaster who was paying off somewhere in the lobby. He rushed, in, alas, it wasn't for James; nor was it for "Governor" Langdon. They were cheering a hired entertainer (paid by Hearst) who sang Irish songs and who was called for frantically after the chairman got up and waved for silence—and for Langdon.

The mistake of the evening was made, however, when Langdon got swelled up and declined to recite anybody's editorial. He was going to make a speech his own self.

Oh, Iky, Iky, get him an editorial quick!

Brother Langdon's speech was truly amazing.

"We are independent of boss control," he shouted at the beginning, pausing uneasily and looking into the wings to see if he was standing in the place where Ike told him to stand.

The he stopped altogether, because the flashlight camera man said he wasn't going to hang around there all night for any other employee of the paper. So Langdon paused and hid his picture "took."

It is not a surety, even now, whether Langdon meant to be funny or not when he began his rant of Abe Ruef and Abe Ruefism in politics. It certainly had a humorous tinge when you think of his campaign speeches only last year when he was Ruef's labor-union candidate for District Attorney of San Francisco.

He modestly mentioned that he, Langdon, was the voice of God and then he threw it into the walking delegates of the unions.

The fact is he didn't mean to roast the walking delegates. The trouble is, when Mr. Langdon gets haughty and declines to recite editorials he gets a singing the popular song, "I DON'T KNOW WHERE I AM GOING BUT I'M ON MY WAY."

The main part of Langdon's speech was against the railroads, against dominated politics and in favor of the recall, the initiative and referendum. He said McNab and Tom McCaffery, the boss of the Democratic party, the Republican party in this part of the State, and "Abe Ruef is the boss of both."

He modestly touched Walter Parker with burning remarks.

He claimed that the people of Southern California are particularly sufferers from railroad domination, and cited Lawrence J. Holmes, chairman of the

AIRPILOTS RACE AUTOS.

UNIQUE CONTESTS AT GERMAN
ARMY MANEUVERS.

Three of Balloonists Win Their
Contest, Only One Being Overtaken
In the Time Limit—Two Prizes
and a Duke Take Part in Chase,
Which is Marred by Accidents.

(BY THE ASSOCIATED PRESS—A.M.)
BERLIN, Oct. 10.—A race between
balloons and automobiles started
at noon today as an exhibition for the
members of the International Aero-
nautic Society by the Balloon Corps
of the military transport department.
The balloons were sent up from the
parade grounds at Tegel, seven miles
north of Berlin, at intervals of fifteen
minutes. Four balloons, each of 200
cubic meters capacity, and carrying
two officers and an assistant, took
part in the contest.

As each balloon with a broad design-
ing pennant shot up and sailed
away in the direction of Hamburg be-
fore a sixteen-mile breeze, four, and
in one instance five, automobiles fly-
ing the colors of the balloon and post-
ed on roads adjacent to the parade
grounds, followed, so that within an
hour seventeen automobiles chosen
were speeding after the airships.

Among those in the automobiles were
Prince Von Salm, Prince Ernst
Von Sax-Altenburg, Duke Adolf
Friedrich of Mecklenburg-Schwerin,
Prince Henry of Prussia, who was to
have taken part in the contest, was
detained at Kiel on naval business.

Theoretically, each of the balloons
carried dispatches, while the automo-
biles were in the service of the army,
and pursued them with the object of
capturing them. If the balloonists,
after landing, had twenty minutes in
which to escape, they won; while the
automobiles won if they reached the
balloons within that period. It was
also provided that a balloonist must
descend inside of two hours.

The weather was brilliantly clear,
and enormous crowds cheered the aero-
nauts as the balloons shot away.

The balloons landed, the fourth to be
sent up, was overtaken within the lim-
its prescribed by the rules by Lieut.
De La Croix's automobile north of
Wusterhausen. The other balloons
made successful landings in the vicinity
of Wusterhausen. In the pursuit
one of the automobiles met with a
serious accident. It ran into a tree
and was thrown into a ditch. One oc-
cupant was dangerously injured, and
the chauffeur and the others were seri-
ously injured. Capt. Hildebrand, one
of the contestants, was run over by a
public automobile, and sustained slight
injury.

There are eighteen entries for the
balloon race of Sunday next for a prize
offered by Emperor William, namely,
fourteen German, one Austrian, two
Belgian and one Swiss.

business of the racing association be-
gins. It is proposed to have the plant
complete by September, 1937, and to
start a racing meet the following sea-
son.

A tract of 152 acres has been ac-
quired by the association from Mr.
Baldwin. On this will be constructed
the mile course, a fine new grand
stand, a 100-room modern hotel, 100 cot-
tages, an office building and a complete
equipment of stables and other racing
facilities. The association has been
capitalized at \$500,000, the greater part

of which stock is said to have been
paid up.

John D. Spreckels and Thomas H.
Williams of San Francisco are said
to be members of the advisory board.
Creveling has served as racing judge
at Chicago and other eastern tracks,
and will have the general management
of the plant and work of construction.
It is proposed to start work immedi-
ately and to have the equipment com-
plete in one year.

Provisions of the plans prohibit book-
makers to hold stock in the associa-
tion, and no horse owners shall be
connected in any way with the book-
makers.

It is proposed to enter into active
competition with Ascot Park. It is al-
leged that the County Supervisors have
nothing to do with granting permits
and privileges, but that the township
trustees already have given the neces-
sary credentials to go ahead with the
work.

The Santa Fe, Southern Pacific and
Pacific Electric lines have promised
a 25-cent fare for the round trip. It is
said, when the plant is in operation
the Southern Pacific and Pacific Elec-
tric will lay lines along the entire
length of the tract from the associa-
tion, and it is proposed to extend the
Huntington boulevard to the track,
so as to give a first-class
automobile route to Arcadia. The dis-
tance from the city is fourteen miles,
and the promoters argue that this dis-
tance proves no handicap in the East,
and should not do so here.

PITTSFIELD TOURNAMENT.
FOREIGNERS COMING OVER.
(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Oct. 10.—[Exclusive
Dispatch.] Members of the Aero Club
of America are busy preparing for the
tournament to be held at Pittsfield,
Mass., on October 19 or 20, and today
a cablegram was received from
Charles's Hollis, an English enthusiast
and owner of the Britannia, which
was fourth in the recent race for the
International Aeronautic cup, that he
had called for the United States and
would accompany the balloonists in
the Pittsfield ascension.

Word was also received that Count
Henri De La Waulx will arrive here in
time to be one of the guests of the
club at the tournament. It is prob-
able that Mr. Hollis will go up with
Capt. Hedge in the well-tried Centaur
(64,200 cubic feet). The other balloons
so far selected are the Nirvana, Dr.
Kulian Thomas (57,000 cubic feet);
the Club Orient (35,000 cubic feet);
and Leo Stevens's balloon (22,000 cubic
feet).

NUT BOY WINS CLASSIC.
Blinding Snowstorm Does Not Inter-
fere With Racing at Lexington
Meeting.

(BY THE ASSOCIATED PRESS—P.M.)
LEXINGTON (Ky.) Oct. 10.—During
a blinding snowstorm at the Kentucky
Trotting Horse Breeders' course, Nut
Boy, the champion aged trotter of the
year won the famous Walnut Hill
Farm Cup, today. Miss Lotta Crab-
tree, his owner, was present to re-
ceive the cup. Nut Boy had no trou-
ble in winning this event in straight
heats. At no time did the other
horses in the race make him extend
himself. Results:

Walnut Hill Farm Cup, 3:15 class,
trotting, \$2000, three in five heats: Nut
Boy won three straight heats and the
race in 2:12, 2:11 3-4 and 2:11 3-4.

Pacing, 2:14 class, purse \$1000, three
in five: Elsie won the second, third
and fifth heats and the race in 2:10 1/2,
2:11 1/2, and 2:12 1/2. Fred Miller won the
fourth heat in 2:13 1/2.

Pacing, 2:09 class, purse \$1000, three
in five: Phyllis won three straight
heats and the race in 2:08 1/2, 2:09 1/2, and
2:07 1/2.

Trotting, 2:14 class, purse \$1000, three
in five: Tampa won the sixth, sixth
and seventh heats and the race in
2:13 1/2, 2:14 1/2, and 2:14 1/2. Betty Brook
won the third heat in 2:13, J. J. M.
Jr., won the fourth heat in 2:14.
Charlie T. won the first and second
heats in 2:14 1/2 and 2:15, and was dis-
tanced in the seventh.

Trotting, 2:08 class, value \$4000, three
in five: Turley won the second, third
and fourth heats and the race in 2:12,
2:13 and 2:12. Turner won the first
heat in 2:13 1/2.

The Lexington, three-year-old trot-
ters, \$2000, two in three: Lucille Mar-
lowe won the second and third heats
and the race in 2:19 1/2 and 2:20 1/2.
Kentucky Todd won the first heat in
2:19 1/2.

Cold Weather Interferes.
ST. LOUIS, Oct. 10.—The third game
of the local American-National foot-
ball season was postponed, today,
because of cold weather. If the weather
moderates sufficiently it will be re-
played tomorrow.

Second Annual Autumn Sale

Starts Friday, Oct. 12

Last year, in October, we had our First Annual
Autumn Sale. At that time we closed out the
Hasslebach & Roger \$50,000.00 bankrupt stock in
a few days.

This year we want to reach a higher mark.

Goods have been purchased and prices made
that will accomplish it.

Store will close Thursday evening at 4:30 to
complete arrangements.

Sale starts Friday morning. Watch the papers.

POINTERS ABOUT Wilshire Boulevard

The choicest directions of residence growth in Los Angeles are Southwest and West.
The tide of growth is now strongly West "Wilshire Way."

"Wilshire Boulevard" is directly West of the very heart of the city with an
unrivalled Paved Approach Out Seventh Street.

Being a continuation of the Westlake section, without its objectionable
features, flats, hotels, double houses and business buildings being absolutely
prohibited, a great advance in class style and general appearance is assured. (Note
the homes being erected near Vermont).

Wilshire will be the greatest thoroughfare to Santa Monica, and with its great width (100
feet) is now the choicest route to Hollywood.

With The Vast and General Scheme of Improvement, extending West from Ver-
mont Along Wilshire, Fast Rounding to Completion, and bearing in mind The Char-
acter and Cost of same, (over \$500,000.00) Why Hesitate, with The Fastest Growing City
in the World making its most gigantic strides Wilshire Way?
EVERYTHING CONSIDERED.

The Best Investments Are in Wilshire Harvard Heights

ALL IN THE CITY.

873 large lots, eighty acres, extending from Wilshire Boulevard South, from Normandie avenue
West. The tract offering Lowest Prices consistent with the highest grade of improvement.

\$125,000.00 being spent in grading and cement work.

\$250,000.00 in sales to date. \$25,000.00 in sales of the past week.

A large force of men now at work on continuation of tracks of Sixth street car line west of
Rampart. Transportation, Water, Gas, Etc., Etc. Absolutely assured.

No controverting the fact that "Wilshire Harvard Heights" is an Unqualified success.

We feel that each and every customer (as has been the case in all our previous tracts) is certain
of a rapid appreciation in value of purchase.

Prices \$1050.00 and up. Only few hundred dollars required to purchase some of our best lots
on most liberal terms.

"Remember," "Wilshire Harvard" is 20 blocks closer than the West Adams Hill.

Maps and price lists on application. Office and salesman on tract.

The 5th Street Store

Supreme Interest in Garments Now
 Is centering in our great second floor departments. There is a collection of women's wearables there, which for style, dependability and price littleness is without a serious rival hereabouts.

These are fair samples of the everyday underpricing that is helping this department to set the pace for all others. Alteration troubles are here reduced to a minimum.

STILL HOLDS TO GOSPEL

Congregational Confession of
Faith Is Defended.

Closing Association Meetings
Full of Interest.

Fund of One Million Dollars
Ready for Missions.

Yesterday was a day of entertaining
speeches, at the Congregational Association
of Southern California, in session at
Claremont, and the day was
marked by a splendid address by
Dr. R. R. Mordith of Pasadena,
the dean of Bible orators.

Splendid progress was reported in
every direction, and the address of
Rev. J. L. Mails, field secretary, created
much enthusiasm, as did that of
Mr. Larkin, chairman of the Mission
Committee.

The attendance at all the sessions
has been remarkably large, and has
been instrumental in lending interest
to all the proceedings. Claremont has
shown heretofore a splendid hostess,
as well as a fine patron of her guests.

SOLID ON GOSPEL.

Rev. Dr. Warren F. Day of the First
Congregational Church, this city, yesterday
made a brief statement to the
association, concerning the remark of
the previous day that, "not a half-
dozen ministers in the association
accept the Confession of Faith."

Dr. Day declared that while there
are some things in the confession that
are not so much as they once were,
yet the confession is still a confession,
and the Congregational church of
Southern California has not
moved one millimeter part of an inch
from the great fundamental truths of
the gospel.

MILLION-DOLLAR LINE.

Rev. R. B. Larkin, chairman of the
Missionary Committee of the association,
created enthusiasm by stating that
the million-dollar fund for missions,
during the last year, had been
completed. The statement was tele-
graphed from Williamstown, Mass., on
Tuesday, where the American Board
was celebrating its hundredth anni-
versary, that the fund of \$1,000,000 had
been given within the week. Southern California
Congregationalists have been
assured \$1,750,000, the amount necessary
to place them in the "million-dollar
line," but they did better. When the
returns were all in, they found they
had contributed \$4,725,000.

In the missionary conference con-
ducted by Mrs. Annie F. Williams, it
was brought out that Foster, who
has twelve graduates in the missionary
field, and six others in educational
work in the Philippines.

JEALOUS OF ANDOVER.

While seeking union with two other
denominations in the control of For-
mont College, the Congregationalists
in convention at Claremont yesterday
put their seal of disapproval upon a
larger union, proposed on the Atlantic
Coast. The following address to the
authorities at Andover, Mass., was
unanimously adopted upon motion of
Dr. Warren F. Day:

"While the General Assembly of the
Congregational Church of Southern California
is separated from Andover Theological
Seminary by the breadth of the
continent, its interests are very
close to those of the churches of
this Pacific Coast. Children of the
East, the history of Andover is
our history, and its future is our
future. We are deeply
concerned in the use made of its
prestige, financial resources and
equipment."

"It is reported to us that a propo-
sition is being considered to merge
Andover Theological Seminary with
Harvard Divinity School."

"Assembled in the twentieth annual
meeting of this association, we earnestly
request those who have the de-
cision of the proposed change to defer
final action until a conference can be
held with representatives of the
several churches, and that a new ar-
rangement for the theological educa-
tion of young men who are to min-
ister to the increasing number of
Congregational churches composed of
other than English-speaking people."

CONCORDANCE CONFIRMED.

A meeting of the Los Angeles Asso-
ciation was held during the noon ad-
journment yesterday, when the fol-
lowing pastors and churches were re-
ceived into membership:

Rev. George M. Monson of Villa
Park; Rev. J. H. Embree of Santa
Ana; Rev. Charles E. Pease of Long
Beach; Rev. Francis L. Newcomb of
Mt. Hollywood. The last-named
pastor and Daniel W. Bartlett's new
organization at Dolgeville were re-
ceived as regularly connected with
the association.

There has been a little gossip con-
cerning the admission of Rev. Charles
E. Pease, pastor of the First Congre-
gational Church of Long Beach, whose
application has been before the asso-
ciation for several years. He was ad-
mitted yesterday. The following
motion of Rev. C. P. Dorland, pastor
of Plymouth Church, Long Beach:

Leading ministers talked freely of
the matter yesterday. Pease has made
statements from his pulpit that
eased his position on the fundamen-
tal principles of the gospel to be
questioned, and consequently he
refused admittance. After having re-
cently undergone a searching exami-
nation at the hands of a committee, it
was represented that Mr. Pease has
undergone a complete change of heart,
and his admittance was recom-
mended.

FULLER'S SHARP PRODS.

In his address upon "The Dynamic
of Aggressive Christianity," treating
the subject from a practical point of
view, Rev. E. R. Fuller of Bakers-
field fired off a lot of terse propo-
sitions.

"For one, I believe," said Mr. Fuller,
"I need to recognize the fact that
God calls and honors the politi-
cian, the labor leader, the capitalist,
and the public official as His messen-
gers as readily as He does the priest
and preacher."

He cited President Roosevelt, Judge
Leland Stanford, the "Kid Judge" of Denver,
John Mitchell, the labor leader, Jane
Addams, who has been honored "the
only saint America has ever pro-
duced," and others to illustrate his
point.

"Here in America," asserted Mr. Fuller,
"we denounce the new thought re-
specting the Bible than our own, yet
what one is making more rapid ad-
vance in generous giving and numerical
growth, if we leave out increase from
immigration?"

"This is the transition period, and
those who are open-minded, welcoming
the proven results of conscientious
scholarship, will be ready for the new
day already dawning."

Referring to these last two sentences,
another minister said, after adjourn-
ment: "I have an idea that Fuller is
even far more liberal than his words
indicate."

Continuing, Mr. Fuller mentioned

THE LONGSHOREMEN'S STRIKE IS STILL ON AT SAN PEDRO, CAL. and TERMINAL ISLAND. They Want More Wages AND WILL GET IT IF OTHER MEN STAY AWAY

Edwards, Bushwell and Finney as
"new lights" in their way, saying:
"The same temper that fought them
is strong today. Our policy is most
democratic, while our feelings are radi-
cally aristocratic."

"We need to remember that respect-
ability is not synonymous with ex-
cellence, and that being born in New
England is no proof of regeneration."

"Individualism has been our glory,
but it is our weakness. Getting to-
gether, cooperation, union are the
winning watchwords for the new cen-
tury, even as freedom and liberty were
in the last."

"Next to Luther, Goethe was the
greatest German, but Theodore Parker
roasted Goethe to a turn when he
said: 'Tell me what he ever did for
humanity.'"

"This is an age of the people, and
not of the preacher. The laity must
be enlisted. The masses will never be
won by tolling the bell and unwinding
the preacher."

"For both pastor and people a seven-
day's religion is required, instead of
a seventh-day piety. Lives are more
convincing than sermons."

The address of Rev. E. E. P. Abbott,
on the same topic, as this treated by
Mr. Fuller, but from a historical point
of view, was a most able one. It was
marked by a deep spirituality, and
was the subject of much favorable
comment.

SEES GREAT FUTURE.

Rev. Edward M. Goff of Riverside
delivered an address on "The Pastor's
Outlook," in which he called attention
to a striking way to the great future
before Southern California.

"Have we the vision of the keen-
eyed business men about us?" asked
Mr. Goff.

"Statements and great financiers are
well-nigh overwhelmed with the great
future they see in this Southland,
which is on the road to become a
thousand times more beautiful than it
is—fair as the garden of the Lord,
a paradise to which tourists will come
in vast numbers, and the future
which will be settled with a great popu-
lation."

"This is no fancy dream; it is the
outlook of business men. E. E. Ham-
ington, great in forethought, great in
energy, great in achievement, got a
glimpse of it, and has laid out his
millions in the development of South-
ern California."

"Some of us may have been sur-
prised at the prices at which even
sandhills are being sold, but do you
know that our coast for 200
miles and more is being bought up,
and that shrewd men are paying prices
for acres ten times higher than a
few years ago? These men are not
fools; they are not being carried away
by a boom of wild speculation; they
know what they are doing, and they
are not many years before our entire
coast from Santa Barbara to San
Diego will be one continuous thickly-
settled resort. That is the business
men's outlook."

"We can take the gospel stamp and
set it deeply on the face of this
Southland that for generations to
come it will bear that mark for God
and for humanity. This is the pastor's
outlook. That is the business
men's outlook."

The sessions will close with a devo-
tional meeting this afternoon.

DENOUNCE MODUS VIVENDI.

Newfoundland Press Condemns Gov-
ernment for Overriding Wishes of
Colony.

(BY THE ASSOCIATED PRESS.—A.M.)
LONDON, Oct. 3.—The publication
of the text of the Newfoundland
modus vivendi evokes strong editorial
articles this morning. The opposition
newspapers condemn the government
for overriding the wishes of the colony
in order to settle the United States,
and declare that the terms of the
arrangement fully justify the intense
indignation which is expressed through-
out Newfoundland.

The Graphic describes the modus vi-
vendi as a complete surrender to
America.

QUEENS WHO SMOKE.

Purveyor of Cigarettes Proves That
He Supplies the "Weed" to For-
mer Royal Ruler.

(BY THE ASSOCIATED PRESS.—A.M.)
NEW YORK, Oct. 3.—A Paris dis-
patch published here today states that
a tobaccocon, who was asked for ad-
vertising himself without authority as
purveyor of cigarettes to ex-Queen
Margherita of Italy, proved yesterday
that he regularly supplied her majesty
with cigarettes. He declared incident-
ally that the Caesar was a devotee
of tobacco, she frequently receiving
consignments of perfumed cigarettes
from London. The Queen of Portugal
and Romania and ex-Queen Cristina
of Spain also, he said, are confirmed
smokers.

REPORT DENIED.

PARIS, Oct. 3.—It is learned from
a reliable source that there is not
the slightest foundation for the report
circulated by the Parliament yesterday
of a dispatch from Constantinople to
the effect that the Sultan is suffering
from injury inflicted by an inmate of his
harem.

A dispatch to the Paris Echo from
Amsterdam yesterday announced that
two fatal cases of cholera had occurred
at Biottebush and Orangewood, near
there.

OCTOBER 4, 1906

THE LONGSHOREMEN'S STRIKE IS STILL ON AT SAN PEDRO, CAL. and TERMINAL ISLAND. They Want More Wages AND WILL GET IT IF OTHER MEN STAY AWAY

LOW TACTICS OF TOTEMITES.

Last Desperate Attempt to
Hurt San Pedro.

Misrepresentation and False
Pretense for Weapons.

Bare-faced Lie Used to Try
to Keep Men Away.

One last frenzied attempt to shake
the free harbor of San Pedro is being
made by the impotent Longshoremen's
Union. With their so-called strike a
thing of unsavory memory only, the
gang has issued a number of placards,
which have been posted in conspicuous
places telling honest workmen to
remain away from San Pedro Harbor
as there is a strike in existence.

The placard on its face is false. The
totemites state first that there is a
strike, which is denied by the em-
ployers, and then state that the men
are not working owing to a demand
for more wages. This also is untrue.

The cards were issued yesterday and
posted in prominent places. The as-
sertion is made that if workmen
stay away from San Pedro the gang
will get what it wants. A note of de-
fiance is added when the union states
relative to its fictitious demand for
more wages, "and we will get them too."

The assertion that the Longshoremen
went on strike on account of a refusal
of the employers to give them more
wages is not correct, for it will be
remembered that the totemites walked
off the docks and ships in the harbor
when they found that a number of
free workmen, not members of their
gang, were employed as seamen on one
of the schooners about to unload.

While this walk-out temporarily
stopped the business of the port, new
men were quickly secured and this, fol-
lowed by the detestation of Boss
Craig as the dictator of the port, made
the strike finale out shortly after it
began.

The officials of the Crescent Wharf
and Warehouse Company, which has
extensive wharves on the Terminal
Island side of San Pedro Bay, said
yesterday that there is no strike now
at San Pedro and that they have all
the men they need.

"The move of the unions can have
no effect upon San Pedro at this time,"
said an official of this company yes-
terday. "There is no strike. These
men who are members of the union
simply are not employees of this com-
pany and as such we pay them no at-
tention. They left their positions and
we have secured new employees. These
new men are satisfactory, and we have
no intention of dealing again with the
Longshoremen's organization."

"The assertion that they are striking
for more money is absurd. They went
out in sympathy with the seamen's
organization, and after three days we
formally discharged them, and their
names were stricken from the rolls of
this company. Four days after this
they returned to the harbor, and we
employed them as seamen on one of
the schooners about to unload."

The Banning Company, which has
wharves on the city side of the har-
bor, said yesterday that the men who
were discharged from the company
yesterday, and that while sitting on
the wharves of the Crescent Wharf
and Warehouse Company, they were
employed by the Banning Company.

The totemites have been sitting
about on the wharves of the harbor
for the last few weeks watching the
busy scene of several hundred men
employed, and they have been filled
with misery at the impotency of their
strike. They practically state upon the
placard that they want the harbor
town for themselves, and every other
Longshoreman on either shore stay
away from them and theirs until they
can force the employers into permitting
the shackles of unionism again to be
clamped on their wrists.

The employers cannot be inveigled
into this way of thinking, and the re-
sult is that not the slightest sym-
metry of a strike or any disturbance
is evident at the harbor city. Work-
men work as usual; pay day comes
around with the same friendly fre-
quency, and the harbor city, free of
the blight of unionism, is singing with
industry although the totemites do get
out big printed cards saying that a
strike exists and all men should stay
away.

NEW BANK IN BERLIN.

Details Concerning Proposed New
American Institution Are Given
Out.

(BY THE ASSOCIATED PRESS.—A.M.)
NEW YORK, Oct. 3.—Details of the
establishment in Berlin of an Amer-
ican bank, announced of which
was given in Associated Press dis-
patches have been made public by
Ladenburg, Thalmann & Co. The bank
is to be operated in close relation with
strong banking interests in New York
and the purpose is to cultivate a closer
intimacy between banking houses of
New York and Berlin.

The bank was incorporated yesterday
under the name of the America Bank.
Incorporation took place at the Bank
Für Handel und Industrie, Berlin, the
capital subscribed being 2,000,000 marks
with a reserve fund of 2,500,000 marks.
The incorporators are the Bank Für
Handel und Industrie, Berlin, Landen-
burg, Thalmann & Co., New York,
Verenbank in Hamburg; John Ber-
enberg, Gosler & Co., Hamburg, and
Gernhart Von Kitzing, Berlin. The
purpose of the bank is to devote its
energies to banking business in its
various branches.

ACTRESS FALLS TO HER DEATH.

Tragic End of Member of "Blue

Balance While Sitting on Window
Sill and Plunges Down an Air
Shaft.

(BY THE ASSOCIATED PRESS.—A.M.)
CHICAGO, Oct. 3.—Miss Florence
McDonald, 24 years old, a member of
the chorus in the "Blue Moon" com-
pany, now playing at a downtown
theater, was killed early today by fall-
ing out of a fourth-story window in
the Windsor-Citron Hotel.

The young woman plunged into an
air shaft, and her body struck the
heavy plate-glass roofing of the ro-
tunda on the second floor. She was
removed to the Wesley Hotel, where
she died about an hour afterwards.
The only witness to the accident was Miss
M. De Bohner, a member of the same
theatrical company.

Miss De Bohner told the police that
Miss McDonald had come to her room
with the intention of entering a light
luncheon, and that while sitting on the
window sill had lost her balance.

Miss McDonald was known on the
stage as "Florence Raymon."

A verdict of accidental death was re-
turned by the coroner's jury.

New Associations Law Curbs Religious
Orders in Obtaining
Property.

(BY THE ASSOCIATED PRESS.—A.M.)
MADRID, Oct. 3.—The new law of
associations, according to the Herald,
will contain the following provisions:

1. No religious order shall be estab-
lished without the authorization of
Parliament.

2. The state shall accord support to
any member of a religious order de-
termined to renounce the vows taken.

3. The Minister of Justice is empow-
ered to withdraw the authorization of
any religious order found to be im-
moral to morality or public tranquility.

4. Religious orders whose members
are foreigners and whose directors re-
side abroad shall be dissolved. The
authorities are empowered to enter
monasteries without ecclesiastical
sanction.

5. Religious orders shall not be al-
lowed to hold property in excess of
the objects for which they were in-
stituted.

6. The sums of money given by
members of religious orders to such in-
stitution for their administration and
the sums derived by orders from char-
itable subscriptions shall be strictly
limited.

7. All legacies to religious orders or
donations to orders by living persons
or by testaments or through interme-
diaries are formally prohibited.

8. Regulations for the dissolution
of religious orders will be established.
9. The law of 1877 concerning the
registration of religious orders remains
in force.

TROOPS QUIET OTTAWA MOB.

Strikers Threaten Trouble
When Soldiers Go.

Two Are Dead, Two Dying
and Thirty Injured.

European Socialist Aids New
York Lithographers.

(BY DIRECT WIRE TO THE TIMES.)
OTTAWA, Oct. 3.—[Exclusive Dis-
patch.] Martial law still prevails at
Buckingham, near here, and the streets
there are patrolled by Ottawa troops
to stop any possibility of further trou-
ble from McLaren's mill strikers. A
detachment of cavalry from St. John's,
Quebec, is on the way there, and it is
intended to keep troops there at least
two days more.

Strikers say there will be no active
rioting while the soldiers are there, but
threaten proceedings later on.

The have the support of a majority
at Buckingham, and public feeling is
very strong against the authorities
there for having weapons used without
the riot act being read first. Latest
reports indicate that two are dead, at
least two dying, eleven badly hurt, of
whom most are Montreal detectives, and
nineteen are slightly injured.

Three hundred revolver shots were
fired during the latter fight, and Cle-
ment, the leader of the Buckingham
strikers' union, is among the seriously
hurt.

The body of Belanger, the strike
leader, is a ghastly sight. In it are
seven bullet holes, three shots entered
and came out of the body, and the
fourth lodged in the brain. Several
important anti-mortem statements
have been made, and priests have
recited prayers for the dead and dying.

It is claimed some men shot down
were assaulted even after they had
been taken to the hospital, and many
charges of gross misconduct are made.

Feeling is strong against Mayor Val-
lee of Buckingham who also is a
member of the McLaren company, for
ordering out the troops. Relatives of
strikers have already laid charges of
murder and it is said, late tonight,
both Vallies and the McLaren brothers
are under arrest. A Sheriff left to
make several important arrests there
today, as it is alleged that a few weeks
priorities will appear in court for a
preliminary hearing tomorrow.

Buckingham presents a strange sight,
the rapid-firing machine gun is on a
bridge, loaded for use at a moment's
notice. Squads are patrolling the
streets with orders not to pay the
slightest attention to any remarks
made by the people. The McLaren
men are to make an attempt to run the
mill this afternoon, but did not, ap-
parently being deterred by the troops.

Feeling is intensely strong and it
is said thousands of dollars of union
money is ready to back the strikers
up and that within a few weeks there
will be some forty arrests on serious
charges and probably a government in-
vestigation.

It is charged there has been gross
mismanagement and there was no war-
rant for such wholesale shooting. A few
additional Ottawa troops went to
Buckingham tonight and for the rest
of the week there will be at least 200
on duty night and day. Twenty-two
Pinkerton detectives from Montreal
also went there today.

ers in this country without delay. He
was sent here to investigate the strike
with power to make such recommenda-
tions as he considers necessary and
says that all the unions in Europe are
vitaly interested in the outcome of the
strike.

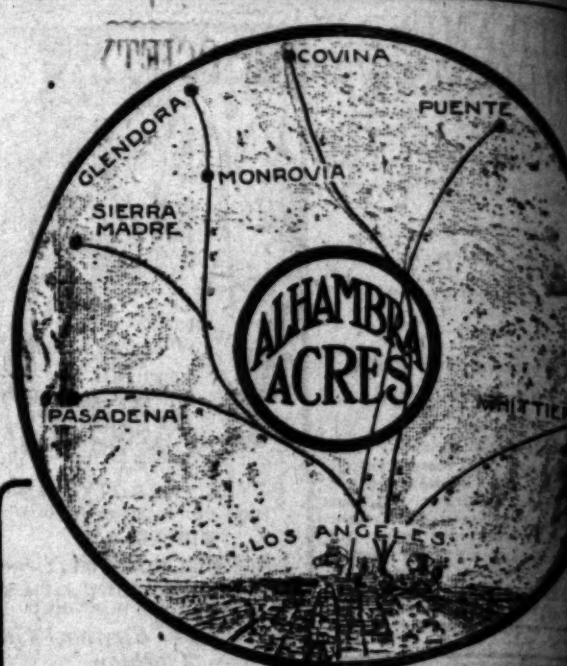

Kelly said his recommendations
would be followed without fail. The
international federation takes in the
unions of lithographers in Great Brit-
ain and Ireland, Germany, France,
Belgium, Norway, Sweden, Australia,
Spain and Portugal, all of which are
watching the strike, which will be
fought in Europe as well as in Amer-
ica, according to Kelly.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

YOUTHS SMASH PIANO IN RINK.

FIVE ARRESTED FOR RAISING CAIN IN PASADENA HALL.

Dispute Over Rental of Company I Armory is Said to Have Caused the "Rough House" Whereby the Musical Instrument Was Destroyed. John Brown's Polar Game Raided.

Office of the Times, 314 S. E. Raymond Ave., PASADENA, Oct. 10.—As the result of a "rough house" which took place in the armory of Company I last Monday evening, Earl Reynolds, Clyde Quessier, A. C. Gray, Armand Foyers, and C. E. Hamilton were arrested on charges of destruction of property. The complaints were sworn to by Dr. H. C. Bowers, who runs a skating rink in the armory, and the charge is that the defendants smashed a piano rented by the plaintiff.

The trouble arose over a dispute concerning the renting of the armory to Dr. Bowers. The arrangement was made in order to fill the company coffers, and did not, as the story goes, most with the understanding of the members. It is alleged that on several occasions some of the boys have made a disturbance with the view to making things uncomfortable for the skating rink manager, and Monday night the affair was finally brought to a head.

Bowers had erected a platform for his orchestra, and on this platform was placed a piano. After drill Monday evening several of the boys thought that it would be a joke to get the offending platform out of the way. They called upon Reynolds, who is a transfer man, and asked him to give them a hand, stating that the piano had to be taken down from the platform. Reynolds, anxious to be of assistance, put his shoulder to the task and told the other boys how to handle the instrument, supposing that they had had orders to move the piano.

As soon as the piano had been let down onto the floor the lads secured an ax and proceeded to make matchwood out of the platform. When they finished with that, their desire for excitement, unabated, and they proceeded to carve their names in the piano case with pocket knives. The result of the affair was that when they finished, damage to the extent of some \$10 had been done, and the armory looked as though a Bowers ball had been in progress.

When the affair was called to the attention of the company officers they determined to get at the bottom of it. A strict investigation was started, and the result that the guilty parties were located and warrants sworn out.

This evening the names of the guilty parties had been secured, and Bowers swore to the complaints. Constable Austin made the arrests. The men were released on \$100 bail. The boys have all come an excellent reputation heretofore, and as the damage was done in a boyish spirit, with no intention of doing anything malicious, an effort will be made to have the matter settled.

The owner of the piano is more interested in having the instrument paid for than anything else, and the entire matter will probably be compromised before it finally comes to trial.

POKER GAME RAIDED.
Police raided John Brown's poker den tonight and arrested him and several alleged players. The onslaught took place at 10:45 o'clock. Brown's place at Montana street and Pasadena avenue was stormed by Detective Coppen and Detective Longley. Glad Stults and Faber. The seven gave their names as A. T. Riddle, A. F. Smith, W. T. Phillips, Albert Mitchell, T. Hamilton, J. E. Muller and J. W. Williams.

When taken to the Police Station the seven deposited \$10 each as bail, and Brown, who was released, and several others secured cards, chips and several tables as evidence. The police rushed into the place by breaking down doors and windows and started a panic among the votaries of the gods of chance.

MEXICANS IN FIGHT.
Ramon Sotelo of La Canada was arrested last night by Constable Austin in a charge of battery. Last Sunday he and another Mexican, Joe Garcia, got into a quarrel, and in the ensuing fracas Garcia was battered over the head with a demolition. Word of the affair did not reach Pasadena until yesterday, but as soon as Austin heard of the trouble he at once went to La Canada and placed Sotelo under arrest.

Garcia, who was found to be in a serious condition, as a result of his injuries, was brought here for treatment. He had been in the hospital for several days, and having gone from Sunday last without medical attention, prompt measures were necessary to save him from blood poisoning. With proper care he will probably recover, but had he been left alone much longer there would probably have been a murder charge against his assailant.

ARREST SALOON KEEPER.
If B. Brown and Roy Spencer, saloon keepers at the corner of Broadway and Main streets, were arrested yesterday afternoon by Constable Austin on charges of violating the Sunday-closing law. Both men operate road-houses on the Main road, Brown being the proprietor of the Old Mission saloon and Spencer the owner of the Lynwood cafe.

The two men were brought before Judge Klamroth and their bail fixed at \$200. Brown was able to raise the money and was allowed to go free, but Spencer was less successful, and was forced to go to jail pending his trial.

It is charged that the men have served drinks to all thirsty travelers who applied to them, providing they had the necessary coin, and that no pretense was made at serving meals. Finally, the matter came to the ears of the District Attorney's office, and Constable Austin was directed to place the men under arrest.

PLANS FOR BANQUET.
The annual meeting of the Pasadena Merchants Association and the banquet of the organization will be held on different dates this year. At a meeting of the board of directors this morning in the rooms of the Board of Trade, it was decided that the two functions should not be held at the same time. The annual meeting will be held on February 27, and the banquet about one week earlier, the exact date not having been decided upon.

The banquet will be a function of considerable importance, and it is anticipated that at least 300 people will be in attendance. The association has been very active during the past year.

and many of the improvements which have been secured for the city have resulted from the efforts of the members. There are many matters, not only of importance to the merchants, but to the citizens in general, that will come up for discussion on the occasion of the banquet, and an interesting affair is looked forward to.

BOY BADLY HURT.

Charles Duple, a boy employed in a West Green-street livery stable, found unconscious this morning, apparently suffering from a blow on the head. He was at once removed to the Pasadena Hospital, where examination revealed the fact that he was suffering from a severe concussion of the brain. He was unconscious for several hours, but this afternoon he recovered consciousness and is resting comfortably this evening. It is not thought that there is any fracture of the skull.

It is not known how the accident occurred, as Duple was alone at the time that he received his injury, but it is supposed to have been a fall. Duple, who is about 16 years old, is employed to feed the horses early in the morning, and it was while going about his duties that he received his injury.

CROWN CITY NOTES.
Late this afternoon Constable W. C. Austin went to San Gabriel and placed Emil Davis, proprietor of the Old Mission Winery, under arrest on a charge of conducting a still. Davis was brought before Justice Klamroth and his bail pending his trial, placed at \$200. He managed to raise the money and was allowed to go. On next Tuesday evening the basketball men of the Y.M.C.A. will have a meeting to make arrangements for the organization of the basketball team for the coming season. A large attendance is expected.

C. J. Bowen, president of the Arrowhead Realty Corporation, the syndicate of Pasadena men which has purchased a large tract of land near San Bernardino, stated today that he reported that he and his partners intended erecting a large winery on their purchase was a mistake. "It is our intention to subdivide a portion of the land and sell it to small ranchers, while the remainder will be planted to grain," he said.

L. Carich was brought in to the Pasadena Hospital from Garvanza this morning suffering from several severe burns and blisters on the head and shoulders. Carich is employed in the plant of the Los Gas Company at Garvanza and this morning while opening the door into one of the furnaces he was suddenly enveloped in a mass of flame.

The much-needed oil for the streets has finally arrived and the work of repaving it will begin tomorrow. Work has been seriously delayed owing to the inability of the contractors to secure oil, but it is announced that there is now a plentiful supply in sight.

Dr. C. W. Bowers, proprietor of the Armory skating rink, fell from a staircase at the rink this afternoon and broke his ankle.

Dana Lamb died this evening at his residence, No. 24 West California street, aged 81. He leaves three daughters, Miss Irene Lamb, Mrs. H. D. Gilber and Mrs. Daniel McCloud. The funeral will be held Friday. Interment will be at San Francisco.

At the home of the Rev. Father Farrelly this morning Mrs. B. O. Dillingham of Everett, Wash., was married to August Thomas of this city. Only the near relatives were present at the ceremony. Mrs. Thomas came here six months ago to visit her sister, L. Steutz, of No. 1038 North Fair Oaks.

Mrs. Charles Addison, both of No. 300 Congress place, accompanied by her daughter, Miss Avis Booth, left this evening for a trip through Arizona.

The ladies of the Missionary Society of the West Side Congregational Church will hold an all-day meeting in the church parlors tomorrow.

Lucius Jarvis was given a surprise party by twenty-five of his friends last evening upon the occasion of his birthday.

H. G. Wilson of Kensington Place and Mr. and Mrs. H. R. Munn and two daughters have returned home from an extended eastern trip. Mrs. William Warren of No. 25 Central Court was home last evening at a daintily appointed whist party.

Mr. and Mrs. J. J. Bick of Madeline Drive have returned home from an extended eastern trip.

The J.O.C.s of the First Methodist Church held a business and social meeting last evening and elected the following officers for the ensuing year: Mrs. Irving Slater, president; Miss Grace Langstaff, recording secretary; Miss Beatrice Edwards, corresponding secretary; Miss Maud Derreux, treasurer.

The members of the Friends Church last evening gave a reception to their pastor, Dr. K. E. Keates, upon his return to the church for another year.

DIES AT AVALON BY MAD LEAP.

JOSE CARRILLO ENDS HIS LIFE WHILE CRAZED BY LIQUOR.

Jumps from Window in Lodging-house and Falls Fifteen Feet, Smashing His Head on Wall of Rock—Said to Have Been Member of Well-Known Family.

AVALON, Oct. 10.—Jose Carrillo leaped from the window of a lodging-house on Metropole avenue shortly after midnight this morning, while suffering from delirium tremens, and sustained such severe injuries that he died within a few minutes.

It is said that Carrillo was a member of the well-known Spanish family of that name of Santa Barbara and Los Angeles. He had claimed that J. J. Carrillo of Santa Monica, formerly City Marshal of Los Angeles, was his uncle. He was born in Santa Barbara, where his mother now lives, and a sister is living in Monrovia.

It is asserted that Jose was the black sheep of the family, and that he was addicted to drink. He had been on the island some years, engaged in wine making, and had been in the habit of drinking heavily.

PLAN BOULEVARD AT LONG BEACH.

TRUSTEES MOVE TO OPEN A ROADWAY NEAR SHORE.

Adopt Resolution of Intention to Open Thoroughfare Between Pine and Chestnut Avenues—Expected to Make One of Finest Driveways in Country.

LONG BEACH, Oct. 10.—The City Trustees last night began proceedings to open Seaside boulevard along the entire front of the city.

Four years ago the Seaside Water Company, which claimed title to the water front of Long Beach, opened a tract on their holdings, near the mouth of the San Gabriel River. In planning it, however, they found that the city owned a street through the tract, which it was necessary to have abandoned in order to realize upon nearly 200 feet of accretions. They dedicated a number of new streets, but the City Trustees refused to abandon the street until they were given a thoroughfare along the beach. The Seaside Water people finally agreed to give the city a easement for a boulevard 100 feet wide north of high-tide line, extending from Alamitos to Pine and from Chestnut avenue west, retaining possession of the beach in trust for their bath-house property, but agreeing verbally to perpetually maintain a thoroughfare for the passage of teams through their private road.

Recently, however, the Long Beach Bathing Company, successors of the Seaside Water Company, announced the removal of the booths on the west side of the pier, with the evident purpose of erecting buildings to face on the pier. This would have closed the street and which would thus close the beach to teams.

ADOPT RESOLUTION.
The Trustees, acting under a State law which allows municipalities to acquire streets through private property by condemnation proceedings, last night adopted a resolution of intention to open Seaside boulevard between Pine and Chestnut avenues, thus completing along the city's front one of the finest driveways in the country. The Trustees declared their intention to open American avenue its full width from Ocean avenue east to the shore, and to declare the north side of Seaside boulevard. The entire city is named as an assessment district to pay for both improvements.

MINISTER SUES MINISTER.
Rev. S. Hartwell Pratt, a Baptist clergyman in Los Angeles, today brought suit in Justice Branton's court against Rev. E. J. Bulgin, the evangelist of the city. Pratt rendered last spring in conducting religious services in Redlands. Rev. Bulgin contracted with him to conduct services for him at Redlands for about ten days and that he did so with excellent results. Pratt, however, has not been forthcoming despite numerous letters he has written the evangelist, beseeching him to conduct services.

STUDENTS HOLD ELECTION.
At an election yesterday conducted under the Australian system, the pupils of the Long Beach High School elected Arthur F. Downs, son of Mayor H. F. Downs, as president of the student body, defeating his opponent, Jim Bourden, by a vote of 157 to 50.

The election was held at the Long Beach High School, between the frate and the open school, the latter electing its entire ticket.

TO ESTABLISH CHURCH.
The University Union, an un denominational society, working to establish a People's Church in Long Beach, whose members hope to bring about a union of religious sentiment and liberty. The new church will be located on Belmont street between Long Beach and Naples and will be in charge of Prof. D. B. Rogers.

BIG HARBOR PROJECT.
Articles of Incorporation of the Wilmington Harbor and Long Beach Harbor and Waterway Company were forwarded this afternoon to Sacramento for filing with the Secretary of State, and is the first advance step in giving to Long Beach city a deep-water harbor to the northwest, without waiting for action by Congress.

The company is composed of twenty of the leading citizens of Wilmington and San Pedro, and is capitalized at \$500,000. Most of the stock will be taken by the twenty citizens. What little stock remains will be held at the discretion of the private promoters.

The directors chosen are: J. E. Barndollar, vice-president of the State Bank of Long Beach; F. S. Carley, cashier of the Wilmington bank; J. C. Brennan, president of the Wilmington bank; W. L. Long, president of the Wilmington bank; J. W. Ward, of the Ward-Donson Company; E. F. Bond and W. E. Bond, of the Bond Brothers. All have extensive holdings in Wilmington, and are active in the advancement of that city as they are.

The company, recognizing the government plans for the improvement of the inner harbor, which plans do not recognize the claims of private parties to the tide lands, have applied for permission to the War Department, through approval of Capt. Amos Fries of the United States Board of Engineers, to dredge a channel along the bulkhead line on the Wilmington side of the bay, extending from the shore land and extending in about shape 5000 feet north and east to the west line of the San Pedro grant.

BRIEF WALKOUT.
There was a brief walkout this morning of the structural steel workers and their helpers on the new First National Bank building. The paymaster of the Union Iron Works yesterday brought down enough money to pay only half the men. This morning the entire force refused to go to work. Shortly before noon the balance of the money was received and the force resumed its labors.

LONG BEACH NOTES.
A. J. Wallace, M. V. McGuire and Will Wallace of Los Angeles, who, with local capitalists, have applied for a national bank charter for Long Beach, were in the city today, looking for a location for the new institution.

C. L. Radcliffe and William Reed, members of the Long Beach Chamber of Commerce, were arrested for refusing to take out a business license, today, tired of following the advice of their attorney, City Clerk Silegitts of San Pedro, and took out the required license, the cases against them being dismissed.

William Schilling, Sr., an old-time fisherman, this morning landed with rod and reel a black sea bass weighing 29 pounds.

Mrs. Mary A. Smith died this morning at the age of 83, just a month after the death of her husband, William Smith.

The Long Beach Asbestos Mining Company, which owns a mine of the material seventy miles from Sacramento, will establish a plant in this city to produce asbestos products.

CAR OF FRUIT A DAY FOR YEAR.

WHITTIER CITRUS ASSOCIATION MAKES ANNUAL REPORT.

Two Hundred and Sixty-nine Thousand Dollars Paid to Growers of District for Orchard Output. Several Other Shippers in Section Also Sent Out Product.

WHITTIER, Oct. 10.—Reports read at the annual meeting of the Whittier Citrus Association show that this organization has shipped an average of more than a carload of citrus fruit a day for the past year. In this amount oranges and lemons are about equally divided, being 192 cars of lemons, two cars of mixed fruit, fifty-two cars of Valencia and 138 cars of Navel sent out.

The highest prices were, for a hundred pounds, \$4.50 for lemons; \$5.45 for Valencia; \$2.54 for Navel.

The growers have received \$338,397 for their product, and Whittier labor has received \$25,000 for the work at the packing-house.

This citrus output is not, of course, the entire number of carloads sent out from the district, but the oranges and lemons being packed in large quantity by several other shippers.

POMONA RESERVOIR TO GO.
After Six Hours of Discussion, the City Trustees Order Removal of Structure.

POMONA, Oct. 10.—For three hours yesterday afternoon and three hours last night, the City Trustees wrestled with the proposition of moving the Holt avenue reservoir. It was nearly midnight when a vote was taken, which resulted in the ordering of a resolution of intention providing for the removal of the reservoir. The expense will be paid by assessing owners of property who will be most benefited by the improvement.

The committee of the petitioners for the improvement was composed of Messrs. Olmstead, Moles and Ellis, and they were present with Attorney W. A. Bell. They presented arguments for removal, but much opposition developed from Messrs. Dreher, Northcraft, Ramage and Crab, property owners in the district, who argued against the lands had not been justly made.

Hot words passed between the factious parties, and it was feared that some personal encounters might take place. After long discussions and compromise the reservoir was ordered removed.

The approximate cost of the work and providing a new site for the reservoir is \$750,000.

It is said that after the reservoir is moved, making Holt avenue a straight thoroughfare, to Ontario, the title to about two acres of land included in the reservoir site will become a bone of contention among the property owners. The petitioners for the improvement assert, however, that everything will be satisfactorily arranged.

POMONA NEWS NOTES.
Bicyclists who are henceforth guilty of riding through the West Second-street Park, will be subject to a fine of \$5 by the city.

The committee appointed some time ago to investigate the advisability of the city purchasing the plant of the Consolidated Water Company, have reported to the City Trustees, after considering the engineer's reports, which estimate the company's holdings to be worth approximately \$255,000.

The Rev. P. E. Seaman, president of the committee, support the engineer's estimate. G. S. Phillips, F. H. Oser and B. F. Taylor, other members, think the value of the plant is too high. The matter has been taken under advisement by the City Trustees.

GLENDORA NEWS BRIEVITIES.
GLENDORA, Oct. 10.—H. C. Christ has sold, through the agency of the Glendora Real Estate Exchange, to a Monrovia investor, a business lot with a fifty-foot frontage on Michigan avenue. The consideration was \$1000. This lot was bought one year ago by Mr. Christ for \$500.

Harvey Friester has sold to the same investor a lot on Media avenue, near Michigan, with a twenty-foot frontage, for \$250, or double what he paid a little more than one year ago.

EAST WHITTIER PEN POINTS.

Douglas sent out this week the first shipment of this season of tomatoes for the eastern market. They were of fine quality and brought \$4 a ton.

The members of the East Whittier Woman's Improvement Club held their first meeting of the year this afternoon. The meeting was held at the clubhouse, but unexpected delay in finishing the building made this impossible, and the meeting was accordingly held at the home of Mrs. Taylor Mandenhall, one of the charter members.

THE DOCTORINA.
A New Wonderful Invention by "The Celebrated Swiss Scientist" Prof. P. E. Maggini.

Prof. P. E. Maggini, originator of the famous Australian Aboriginal Remedy Cure for Kidneys, bladder, liver and abdominal diseases, has at last succeeded in perfecting a new medical apparatus which he calls the Doctorina, which will absolutely cure asthma, bronchitis, chronic catarrhs and lung troubles.

The most eminent authorities of the medical world in the United States of America, as well as in Europe, to whom the professor has submitted his new invention, have given their approval, and admit that a new scientific record has been established, and that the Doctorina will accomplish in the full sense of the word what its inventor claims it will do, that is, the infallible and absolute cure of asthma, bronchitis, chronic catarrhs and lung troubles.

The professor has already applied for exclusive patent rights in Washington, D. C., and hopes to place the invention on the market in the near future.

Soc-called cures for asthma have only given temporary relief at their best to the sufferer. The Doctorina absolutely cures the origin of asthma, the result of a combination of diseases, such as rheumatism, gout, sciatica, heart disease and poor condition of the blood.

It is also caused by coming in contact with the dust of wheat on thrashing machines, the dust of hay by baling it; the dust that plasterers inhale while at work, and even by vehicles of all kinds air compelled to swallow. The Doctorina cures all of this, without fail.

Inquiries about the Doctorina will be answered at main office, 453 1/2 South Spring street, room 20, or at residence, 1730 Reed street, Los Angeles, California.

Weather Conditions.

The first sign of the season occurred yesterday in the lake region following the eastern passage of the storm of low pressure central in the St. Lawrence Valley. This storm also caused high winds along the Great Lakes and general rain in the Middle Atlantic and New England States and along the Atlantic Coast as far south as Virginia. The western high-pressure zone has moved to Missouri and sharp frosts in the Northern States between St. Louis and the Mississippi River. No rain of consequence has fallen west of the Mississippi since Monday. The conditions are favorable for a continuation of fair weather in Los Angeles and vicinity tonight and Thursday. The temperature will remain about stationary.
